

SUMMER SPORTS PROGRAMME, TERM 1 - 2021

Due to COVID regulations, we have had to alter our planning. We have decided to go ahead with training and where possible internal matches, school championships and inter house events. Should regulations allow we will take the chance to enter into fixtures with opposition immediately. We request that the boys take these competitions seriously, have fun and work hard as it will greatly benefit them, especially after the extremely difficult period we have all experienced. Regrettably, no spectators are allowed until further notice. You may direct any queries to Mr Brendan Gittins bgittins@jeppeboys.co.za or the MIC's as detailed below.

As basketball is a contact sport - no contact training or internal matches are allowed until regulations change.
